GENESIS

Range

- \* The product images shown are for illustration purposes only and may not be an exact representation of the brick. Please request samples to help you select the best products for your project.
- \* Due to the nature of clay bricks, there may be subtle variations in colour per production.
- \* We highly recommend that the full brick requirement for your project is ordered in one complete order, with a relating call-off schedule to allow for consistency through production/batching of bricks.
- \* The bricks in our Genesis range are suited to most building styles and have the characteristics required of contemporary facing bricks.
- \* All bricks in this brochure comply with European Standards - EN 771-1.
- \* Test Certificates (Technical Data Sheets) – Available on Request.
- \* We reserve the right to change or update the products, specifications, and packaging at any time without notice.
